## USE OF ENGLISH IN ALL SCHOOLS URGED

County Council of Defense Takes Action on Matter at Request of the State Council.

### RESOLUTION IS ADOPTED

Suggests Use of English Exclusively in All Classes Below High School—One Exception Made.

The Jackson county council of defense today made public a resolution adopted at a meeting in October, in which it recommends the use of the English language exclusively in all classes below the high school in both public and parochial schools. The resolution was adopted upon the receipt of a request from the state council of defense that it express its attitude regarding the matter. The resolution was forwarded to the state defense council and was later returned with the privilege of publication.

The resolution adopted by the county council of defense is in harmony with the attitude of the state committee, it is stated. The resolution is as follows:

"Resolved by the Jackson county council of defense that in all private and parochial schools, the English language shall be used exclusively, in all grades below the high school, except in the confirmation classes of the school year of 1918-1919."

The resolution was approved by the state council of defense, it is stated, and is similar to others which have come from various parts of the state. It is understood that the legislature will be asked to take action relative to the teaching of the English language in public schools in Indiana. The old law which requires the teaching of German upon the petition of a few of the parents in each school district is expected to be repealed.

Under the plan that is proposed, German will be taught in the high schools as an elective language study, the same as French, Latin, or other foreign languages.

It is understood that practically all the schools in this county have eliminated the use of German except where it is taught to complete a course which was started several years ago.

## TWO GOLD STARS IN THE LOCAL M. W. A. HONOR ROLL

Forty-two Members of Seymour Camp Were in Military Service—Impressive Dedictory Service.

The honor roll of Woodmen in the military service was unveiled Wednesday night before a large assembly at the hall of Lodge No. 3261. The roll carries forty-two names and the service flag beside it bore forty blue stars and two gold stars. The young soldiers represented by the gold stars were, Serg. William Meyers, who died of influenza at Indianapolis in the early part of October, and James H. Pruden, Cortland, who died of acute heart disease at Camp Taylor August 30.

The dedicatory address was made by Oren O. Swails who spoke reverently of the sacrifice made by the two young men. F. W. Wesner spoke for a few minutes and at the conclusion of his address the meeting was turned into a social gathering.

Charles H. Wallace, chairman of the program committee, had arranged for an orchestra conducted by William Ziekler and a number of the members enjoyed dancing during the evening. Appetizing refreshments were served at the close of the social hour. Leonard Bartlett gave two solos, accompanied by Mrs. Harold Stewart, pianist.

## GERMANY PLANNED AN INVASION OF CANADA

Testimony to This Effect is Given by Bielaski Before Senate Committee.

By United Press.  
Washington, January 9—German plans for the invasion of Canada by men in this country who had served in the German navy, were today told the senate committee probing German propaganda by A. Bruce Bielaski, head of the bureau of investigation of the department of justice. Men who had seen military service in Germany were eligible for the membership in the society which was organized in many cities. Men were actually drilling and supplied with rifles. Nothing of a serious character ever developed, however.

## SALARY SCALE IS PROVIDED IN BILL

County Treasurer and Auditor Would Get Increase if Hendren's Plan is Adopted.

### WOULD CLASSIFY COUNTIES

State Board of Accounts Desires to Place Clerical Force on a Fixed Compensation Scale.

The state board of accounts believes that the present plan of permitting county officials to employ their deputies and other clerical assistants at any salary they desire is defective and purposes a remedy in the way of a new salary bill which will be introduced at the present session of the Indiana legislature. Gilbert H. Hendren, chief examiner of the state board of accounts, who prepared the new township trustees' law, is also the author of the proposed measure. He follows the same plan of classifying the counties according to population, amount of money handled annually and other considerations of the offices.

Under the proposed law, which is expected to be passed by the legislature, as it has the support of the state board of accounts, the auditor in Jackson county would receive a salary of \$3,000 a year and an allowance of \$2,500 for deputy hire. In addition he would get \$35 for each three-mile gravel road transcript which he prepares. This allowance is granted under the present arrangement. The auditor would also get \$3 a mile for the construction of ditches and \$1 a mile for cleaning them. Under the present law the auditor in Jackson county received a salary of \$2,500 a year, \$650 as a member of the finance board and \$3 a day for his work with the board of review. He receives gross about \$3,200 a year, but out of this he is required to pay his deputy and any other assistants he may employ.

The proposed new salary for the treasurer of this county is \$3,000 with an allowance of \$2,000 for deputy hire. The treasurer would continue to receive six per cent. for the collection of delinquent taxes and a fifty-cent fee for demand for delinquent taxes. The treasurer's office in this county pays between \$3,600 and \$3,800 annually but out of the receipts the clerical force must be paid so that the new salary proposal will mean an increase for that official.

Mr. Hendren has divided the counties of the state into ten classes for the purpose of fixing compensation. Marion county is alone in the first class, Jackson county is placed in the fifth class with the following counties: Elkhart, Lawrence, Wells, Huntington, Wabash, Boone, Parke, Miami, Clay, Jay, Bartholomew and Shelby. The basis of classification is as follows:

Population, 45 per cent.; taxes assessed 25 per cent.; area, 5 per cent.; free gravel roads, 20 per cent.; trust funds, 5 per cent.

Another bill is proposed for the benefit of the commissioners. In this case as in the other county offices, the ten classes would be provided. The commissioners in this county receive \$350 annually. The county clerks of the state hope to secure an increase, according to the same basis.

## YEARLY REPORT OF THE COUNTY CLERK

Increase Shown in 1918 in the Number of Naturalization Papers Filed—Nine Became Citizens.

### 18 DIVORCES WERE GRANTED

Only 123 Marriage Licenses Issued. The Smallest Number for Many Years—Other Statistics.

The signal honor of becoming an American citizen was conferred upon nine Jackson county residents in 1918, according to the annual statistical report which has been compiled by Willard Stout, county clerk. The report is comprehensive in its scope and furnishes such information as is desired by the state statistician for permanent file. It covers many of the records which are placed by law under the control of the county clerk.

There was an increase in the demand for naturalization paper during the last year, the report shows, but the process could not be completed during the twelve months' period. Seventy-five residents declared for citizenship, compared to four in 1917 and five in 1916. Of the seventy-nine declarants last year, fifty-nine were natives of Germany; three were English; three were born in Ireland; two in France; two in Italy; one in Russia; one in Holland, while four were classified as "scattered." Of those who attained citizenship six were Germans, two Irish and the place of birth of one was not given.

Little Dan Cupid found that the war interfered materially with his business during the year in this county. The clerk's report shows that only 123 marriage licenses were granted last year. In 1917 a total of 202 couples bowed before the matrimonial altar in this county and in the preceding year 206 couples were married.

The divorce record shows little change there being eighteen decrees granted in the circuit court in 1918. Twenty-two were given in 1917 and sixteen unhappy married couples were granted legal separation in 1916. Of the eighteen decrees granted during the last twelve months, twelve were given upon petition of wives while six were given to husbands. Fourteen were given on the ground of cruel and inhuman treatment and four were granted for abandonment.

Hunting is becoming unpopular in this county, if the number of licenses obtained from the clerk last year is to be taken as an indication. In 1916 1,080 licenses were granted and in the following year 744 were purchased. Last year only 549 were secured from the county clerk.

Among the crimes charged, two were for assault and battery with intent; two for conspiracy to commit felony; two for petit larceny; one for grand larceny; and one for assault and battery.

Other statistics included in the report follow: civil cases filed, 183; civil cases disposed of, 172; juvenile cases 10; letters of administration issued, 37; number of guardianships, 15; mortgages foreclosed, 15; sheriff sales, 9; persons adjudged of unsound mind, 8; criminal cases filed, 38; criminal cases dismissed, 13; criminal cases disposed of, 33; convictions for felonies, 9; convictions for misdemeanors, 2; cases venued to other counties, 2; cases venued from other counties, 1.

Victor Higgins, of Shelbyville, a nephew of Mrs. V. N. Fettig, of this city, has been appointed a member of the Chicago art commission by the mayor of Chicago, upon the recommendations of art organizations, for the encouragement of art in Chicago, to assist in making the purchases of paintings for the public schools of that city. Three days before Christmas Mr. Higgins was awarded first honors at the national show in New York for the painting he has exhibited there. The award carried with it a prize of \$1,000. The painting was the "Fiesta Day," showing an old Indiana chief in an Indian village on a great day. The painting was made in New Mexico, where Mr. Higgins has a studio. His main studio is at Chicago.

## GOVERNOR READS ANNUAL MESSAGE

Patriotism of Peace Calls for as Earnest Service and Sacrifice as Patriotism of War, He Says.

### STATE PROGRAM OUTLINED

Proposes Amendments to the Constitution—Urges Home Rule for Indiana Cities.

By United Press.  
Indianapolis, Ind., January 9—Happily, the abilities of the General Assembly of 1919 will be tested by problems of reconstruction instead of those of war," said Governor James P. Goodrich in his message to the state legislature when that body assembled here today.

"The transition from war to peace will not be accomplished without some confusion and some hardships. It is the duty of us all without prejudice, political or otherwise, to work as earnestly and as effectively in peace as we did in war."

"It is necessary for us to be impressed with the fact that the task before us is just as important, just as patriotic, now that the enemy is defeated, as were the things we were called on to accomplish before the end of the war. The patriotism of peace calls as earnestly for service and sacrifice as did the patriotism of war."

"I believe you can best aid in this reconstruction by enacting laws which will render our state government more responsible and more economical, which will serve to equalize among the people to a greater degree the burdens of government, which will so far as possible aid and encourage our people to go on with the improvements and to resume the progress interrupted by the great war."

After recounting the many accomplishments of Indiana during the war, in which the Hoosier state elevated its already lofty position among the various states, Gov. Goodrich paid a glowing tribute to labor when he said: "I desire here, to pay my tribute to labor's splendid spirit of co-operation. The state was particularly free of strikes and disturbances. The working men and women have done their best without complaint, in spite of the mounting cost of living."

In his message Gov. Goodrich touched but lightly upon the proposed revision in the various tax laws and road laws of Indiana, merely urging the legislators to get some action on these measures favorably. He also gave passing mention to the proposed "Conservation Bill" which was rejected at the 1917

## KNIGHTS OF THE ROYAL ESS REORGANIZE IN THIS CITY

Only Master Masons May Belong to This Order Which Was Founded Here Thirty Years Ago.

At a meeting of a committee of Masons which was held in the office of R. A. Cox, secretary, Wednesday night, arrangements were made for a session of the Knights of the Royal Ess in the near future. The degree of Royal Ess is peculiar in that it has no connection with ritualistic Masonry, yet only Master Masons are eligible to membership.

The Royal Ess is founded on ancient traditions as indicated by the titles of the following officers elected:

High, Mogul, J. S. Mills; Grand Vizier William C. Young; Knight of Stylus, R. A. Cox. The following assistants are appointive: Knight of the Girdle, Knight of the Scimitar, Guide of the Secret Highway, Guide of the Desert, Horace and Constantine, heavy comedians, warders of the wicket, stretcher bearers and male trained nurses.

Applications for membership are pouring in on the Knight of Stylus and a rousing session is in store for the Knights. The Order of the Royal Ess was instituted about thirty years ago by the late A. P. Charles and C. B. Cole, and the Rev. Virgil Tevis, at that time pastor of the First M. E. church, here. It was a popular organization for a number of years, but was permitted to lapse into a state of inactivity.

## MARINE WORKERS UNION ON STRIKE AT NEW YORK PORT

Returning Soldiers Face Prospect of Being Unable to Land from the Transports.

By United Press.  
New York, January 9.—The port of New York was tied up today when 15,000 members of the marine workers' union struck. A serious fuel and food famine was threatened. Supplies from the interior of the United States for export were held up. Returning soldiers faced the prospect of being unable to land from ships. The only boats exempted from the strike order were those operated by the government, carrying wounded and sick soldiers.

## RIOTS RESUMED IN GERMAN CAPITAL

Spartacus Renew Demonstrations in Berlin After Accepting Truce With Government.

### REVOLUTION IS SPREADING

Sailors From Kiel Rushing to Berlin to Aid Government in Crushing Lawless Mobs.

By United Press.

London, January 9—Spartacans, after accepting a truce with the government yesterday, resumed their demonstrations in Berlin, an official wireless dispatch from the German capital reported today. The revolution has spread throughout Germany, it is stated. Hundreds of persons were killed in Dusseldorf where a Bolshevik republic was proclaimed. The army classes of 1919 and 1920 have joined the revolution.

Fighting is taking place in many cities. John Grandenz, United Press staff correspondent, was wounded when a grenade exploded near him. A Bolshevik government was proclaimed in Muelheim.

Sailors from Kiel are rushing to Berlin to aid the government. The revolution has proclaimed a general strike throughout Germany for January 10 in order to prevent election to the national assembly. General Ludendorff is reported enroute to Berlin.

Entente troops, at the request of Chancellor Ebert, will occupy Berlin, according to rumors current in that city, dispatches stated.

Government troops have been ordered from many garrisons to rush to Berlin in automobiles. All railways are reported to be under control of the Spartacans.

Twenty persons were killed in the American embassy at Berlin Tuesday by rioters. The building was badly damaged. Rumors were heard on every hand that American troops would occupy the city to quell rioting during the national election next week.

The fighting centered in front of the American embassy. Some buildings have been turned into fortresses.

### Confirmation Lacking.

By United Press.

Washington, January 9—The state department early today had no dispatches bearing on the reported killing of 20 in the American embassy in Berlin. It is regarded possible that there were some Americans there, or that the group may have included Spanish diplomatic agents, handling American affairs.

## ESCHBACH CHOSEN SPEAKER OF HOUSE

Harry Negley Named Republican Floor Leader in Senate and President Pro-tem.

### ORGANIZATION COMPLETED

Senate Adjourns to Meet With House to Hear Governor Goodrich's Annual Message.

By United Press.  
Indianapolis, Ind., January 9—Work of organization and Gov. Goodrich's biennial message occupied most of the time of the first meeting of the legislature today.

Both houses convened promptly at 10 o'clock. The senate was called to order by Lieut. Gov. Edgar D. Bush. The Rev. L. A. Harriman of the Irvington Presbyterian church, offered the opening prayer. Bush followed with a brief address in which he outlined his policies as presiding officer.

The roll call of hold over senators was called and the oath of office administered to the newly elected men by Judge Lawson Harvey of the supreme court.

The legislature in joint session today adopted a resolution endorsing the woman's suffrage amendment to the federal constitution now pending before the United States senate. The motion was introduced by Senator Alldredge, of Anderson.

Governor Goodrich changed his message slightly from distributed copies. He advocated repeal of the two-cent fare law on railroads and urged that the entire rate making power be placed in the hands of the public service commission.

The senate was called to order by Lieutenant-Governor Bush. In his address Bush voiced the first opposition to the federalization plan presented to the legislature by Governor Goodrich. "It is not my duty to recommend legislation," said Bush. "But I forfeit no right as your presiding officer to express my opinion on any subject. Loyalty to my party demands fair and impartial treatment on my part of all measures. The makers of our constitution never intended a session of the general assembly to be a ratification meeting, but rather a constructive body, clothed with sole authority to enact legislative laws on behalf of the people. The spirit of encroachment with its natural tendency to centralize and consolidate the powers of all departments in one must inevitably result in despotism."

There was a short fight in the senate over seating Senator Cravens, Madison, whose election had been contested by Republicans, but he was finally allowed to take his place on motion of Senator Elsner, of Seymour.

A committee of three senators and three representatives was appointed to draw up a memorial on the death of Col. Roosevelt. Senator Elsner is chairman of the committee.

Organization of the senate was then completed. Harry Negley, of Indianapolis, was chosen republican floor leader and president pro tem; Charles O. Signs, caucus chairman; Harry N. Styner, Montmorenci, principal secretary; William M. Loudon, Bloomington, assistant secretary; Rome Brown, Anderson, principal door keeper and George Graham, Logansport, doorkeeper.

The senate then adjourned to meet jointly with the house to hear the Governor's address.

In the house, William A. Roach, secretary of state called the representatives to order. Pliny Wolfard, deputy secretary of state called the roll in the senate.

Jesse Eschbach, of Warsaw, was elected speaker; J. H. Thiel, Gary, principal clerk; Arthur L. Stage, Knightstown, assistant clerk; Robert Aere, Indianapolis, principal doorkeeper; Charles A. Johnson, Gas City, caucus chairman.

## WHAT NEXT?

The apparent demoralization of law and order in Germany causes the entente powers to speculate as to what will come next. The German delegates are prepared to attend the peace conference in Versailles. They will be expected to represent the majority of the people. Before they can become authorized delegates to this world parley they will have to show credentials to prove that they have power to deal for Germany. It will be difficult for them to do this so long as riots and blood shed continue.

A dispatch yesterday stated that the American flag has been hauled down from a hotel where American and other entente representatives were quartered. The United States

cannot permit such an act to pass unheeded. The United States flag has always been recognized as a banner of protection wherever it was flown and this nation has seen to it that proper protection was given or the criminals were punished. The condition that exists in Germany is amazing. The lawless element that attacked the hotel where the Americans were quartered expect food and assistance from the United States. To Americans it seems that they have taken a very poor way to get what they want. It would be foolish to send supplies into a district that is in the hands of the Spartans. There would be no assurance that it would be properly distributed and would go where most needed. This group knows no law.

Before Germany can again be recognized by the nations of the world she must purify herself. She must again establish some form of permanent government. There must be an effective organization. All the effort of the so-called revolutionists and reformers is lost so long as each is working in a different direction from the others. Without co-operation the districts will be divided and torn to pieces.

What is needed in Germany is a government organization. Some power or authority must assert itself in such a way that it will compel recognition and will have the support of the majority. Trying days may be ahead for the Germans unless they recognize this principle of government. But until they do they cannot expect much help from the other countries of the world.

When we read of so many so-called war work industries closing with the result that thousands of men are suddenly thrown out of work, we appreciate more than ever the value of the manufacturing plants in this city. These industries operate twelve months in the year. Their employees are assured of their pay envelopes regularly. While the wages here possibly were not as large as in some of the war work centers, the employees of the local plants have the satisfaction of knowing that their incomes continue while many of the others have suddenly found themselves without work. The steady pace after all is the trait that proves most successful and satisfactory.

A number of the stores in this city are conducting after-the-holiday sales in order to reduce their stocks before the spring purchases arrive. The conditions this winter have been rather unusual. The weather has

been comparatively mild, but undoubtedly lower temperatures are soon due. The influenza epidemic and other conditions interfered with the mercantile business at a time when the trade is usually exceptional heavy. Many merchants also bought heavily because of war time conditions and the curtailment of certain lines of merchandise. New conditions are now presented. While there is not much prospect of lower prices immediately, marketing conditions will undoubtedly be much relieved. The local merchants are taking all of these conditions into consideration and have decided to reduce their stocks. In doing so they offer exceptional bargains.

Although the law does not require trust companies to publish their financial statements when the call is made upon national banks, the Jackson County Loan & Trust Company always publishes its statement when the comptroller of currency makes his call. The last statement by the Trust Company approaches the million dollar mark and is highly pleasing to the officers, directors and the patrons of the institution. The institution has made rapid progress and the affairs are in the hands of capable and competent officials. All departments of the institution show a steady growth.

The splendid financial statement of the First National Bank which was published in this paper yesterday shows that institution in a firm, sound condition. It is noted that the deposits on December 31, when the statement was called for, were \$936,992.79. The growth of the deposits shows the faith and confidence of the people of this community in this bank. Its growth is due largely to the safe, conservative management under which the institution is conducted.

The "war material inventory sale" which has been started by the government is not a profitable business. At Fort Worth, Tex., 250 artillery and cavalry horses that cost an average of \$190 apiece have been sold at auction for \$75 each.

The Indiana supreme court has held that a pedestrian has equal rights on a street with an automobilist. That rule has been pretty well established in Indiana but the trouble has been to make the autoist recognize it.

The notice that the "distillers will fight prohibition to the last ditch" is a well framed phrase as those who use the distillers' product usually find themselves in the ditch sooner or later.

## A Real Newspaper Bargain

—THE—  
St. Louis Globe-DemocratDAILY EXCEPT SUNDAY, SIX DAYS A WEEK, ONE  
WHOLE YEAR FOR ONLY**\$3.50**

IN COMPLETE CLUBS OF THREE OR MORE

In these momentous days when world history is being made, when matters of supreme importance to the United States are being determined—when the map of Europe is being made over—you surely want every day ALL THE NEWS OF ALL THE WORLD. The GLOBE-DEMOCRAT will supply it—and at a real bargain price, considering the tremendous increase in the cost of white paper and of everything else needed in producing a great daily newspaper.

The present price of the Daily Globe-Democrat, without Sunday, is \$4.00 per year. You can cut that price to only \$3.50 per year IF YOU SEND IN TWO OR MORE OTHER SUBSCRIPTIONS PLUS YOUR OWN, AT ONE TIME, WITH MONEY ORDER FOR AT LEAST \$10.50.

THE DAILY GLOBE-DEMOCRAT, INCLUDING SUNDAY, is \$7.50 PER YEAR. You may send a complete club of three or more, DAILY INCLUDING SUNDAY, at the net club rate of \$6.65 for each yearly subscription.

You Well Know the Innumerable Merits  
of the Always Reliable Globe-Democrat

It is sold on its value as a real newspaper, a great fact newspaper. It is believed in. For 66 years the GLOBE-DEMOCRAT has been recognized throughout its great territory as the ONE SUPREME NEWSPAPER—honored for its reliability, its fearlessness, its honesty, its strict adherence to its high principles.

You are aware of the advance in postage rates. You are advised as to the constantly increasing cost of production. You realize the danger in delay.

HOW WEAK, NERVOUS WOMEN  
QUICKLY GAIN VIGOROUS  
HEALTH AND STRONG NERVES  
7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body,  
Sparkling Eyes and Health-Colored  
Cheeks Come in Two Weeks, Says  
Discoverer of Bio-feren.

World's Grandest Health Builder  
Costs Nothing Unless It Gives to  
Women the Buoyant Health They  
Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powd. Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.

## PARENTS, READ THIS

How a Father Has Learned to  
Save Shoe Bills.

"My son is very hard on shoes, so keeping him properly shod has been quite an expense to me," writes Mr. J. Allison Allen, of Amity, Arkansas.

"But since I started to buy Neolin-soled shoes for him I have found that it costs only about a third as much to keep him in shoes."

This is because Neolin Soles are so tough and durable that they wear a very long time. Shoe bills are kept down because you don't need so many pairs.

You can get Neolin-soled shoes at almost any good shoe store. They come in all styles and for all members of the family. Neolin Soles are also available everywhere for re-sooling. They are produced by a scientific process to be what shoes ought to be: comfortable, waterproof and long-wearing. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

## NEWSY PARAGRAPHS

F. P. Adams has been seriously ill at his home on North Ewing street for the past two weeks.

Otto Stogdill, of Indianapolis, formerly clerk at the New Lynn Hotel, who suffered a nervous breakdown several weeks ago, is very much improved.

Mr. and Mrs. L. H. Becker, have received a letter from their son, Willard Becker from New Orleans, stating that he enlisted in the navy as a hospital apprentice on January 6th and will be stationed at the Great Lakes Training Station, Great Lakes, Illinois.

C. H. Cordes has received a telegram from his son, Corporal Louis R. Cordes, who has been overseas since last September, that he has arrived safely at Camp Stuart, Va. Corporal Cordes enlisted December 6, 1917, and has been with the Third Anti-Aircraft Battalion, C. A. C.

Private J. V. Mullis was in this city a short time today on his way to his home at Tunnelton. Private Mullis was a member of the Sixth Marines in France and was wounded at the battle of Soissons. He returned to this country in September and since then has been at Hospital No. 3 in New Jersey. He is a brother of Mrs. E. R. Day and is well known in this city.

The thin coating of ice on the concrete roadway on Sixth between Walnut and Pine streets has afforded fine sledding for the pupils who attend the Shields school. The children took their sleds with them yesterday and this morning and made the most of the sledding before the classes convened and during the recess. Some of them who did not have sleds at school utilized boards as sleds so they would not miss the fun. The roadway was as smooth as glass when darkness sent the children home last night.

A 20-year-old horse given for care and feed to Jimmie, the young son of J. P. Honan, shipped on the ice at the intersection of Walnut and Second streets yesterday afternoon and occasioned much consternation among some twenty odd young friends of the youthful driver. Passersby dragged the injured horse to the curb where he laid until Jimmie's father came to the rescue. Ten men tried to raise the horse to its feet but failing, declared him to be dying. When the men had disappeared young James broke a twig off a nearby tree and tickled his old friend in the ribs until he got up and followed his young master back to the stable, where expert veterinarians among Jimmie's friends pronounced the horse to be absolutely sound except for a few scratches and a showing of unmistakable weakness.

## Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

W. H. BURKLEY

Real Estate, Insurance and Loan  
Seymour, IndianaGOVERNOR READS  
ANNUAL MESSAGE  
(Continued from first page)

session of the legislature. The appointment of the state statistician under the industrial board and the general shaking up of other state offices and departments were also advocated Governor Goodrich. Probably the most radical departures from the existing plan of state departmental operations advocated by the governor is the creation of a new department which would be in charge of the work now handled by the Banking and Insurance bureau of the office of Auditor of state, and the creation of a bi-partisan, unpaid board consisting of four members to serve as Live Stock Sanitary Board which would appoint the State Veterinarian. The proposed board would also replace the existing State Board of Veterinary Medical Examiners.

In referring to the proposed constitutional amendments Gov. Goodrich said:

"Should the General Assembly submit the question of the calling of a convention to a vote of the people in 1920, no one can foresee the result of the referendum. Some changes in our constitution are imperative. I, therefore, recommend that the following amendments be adopted for reference to the session of 1921.

"Providing for Equal Suffrage.

"Limiting the right to vote and hold office to citizens of the state.

"Abolishing the elective offices of state superintendent of public instruction and clerk of the supreme court.

"Providing for the budget system and authorizing the governor to veto any items in an appropriation bill.

"Against increasing the salaries of any official for the term of office for which he is elected.

"Authorizing the general assembly to classify counties for registration purposes so as to make unnecessary the registration of voters in the smaller counties of the state.

"Giving the general assembly larger power in dealing with the tax question and especial powers to adopt an income tax and classify property for the purpose of taxation.

Gov. Goodrich reiterated the portion of his message before the 1917 legislature relative to changing the method of naming the attorney general and specifically recommends that upon the expiration of the term of Ele Stansbury that attorney general be appointed by the governor instead of elected.

"We should have only one language taught in the common schools taught in our country. The language of the declaration of independence," said the governor in urging the repeal of the law of 1860 which provides for the teaching of German in the public school."

The governor merely transmitted the federal prohibition amendment to the legislators without specific recommendation. It will undoubtedly be ratified by the legislature.

He also urged home rule for cities in Indiana and a general revision of the mining laws.

To meet the changed conditions in industry by employment of women on an increased scale, he recommended that the making permanent of the woman's division in the inspection department of the industrial board, regulating the hours and safeguarding the working conditions and otherwise protecting the welfare of women in industry. He stated that in the last seven years the number of women in industry in the state increased by 175,000.

"No objection can be offered to the employment of women in industry, if such employment is not used as a means to lower wages, if the principle of equal pay for equal service is firmly fixed.

He stated that he was in full sympathy with the movement to require all time health officers.

The governor cited abuse of the teachers' pension law and urged its repeal, with the understanding that an improved law would be enacted at the legislature in 1921, to be based on the study of conditions by a commission.

He urged general betterment of facilities for caring for mental defectives in the various state institutions for that purpose and also advocated the moving of the Indiana reformatory, now at Jeffersonville, to a more centrally located city.

A monument in honor of Charles Warren Fairbanks, former vice president of the United States and for nearly ten years a member of the United States senate, was urged by Gov. Goodrich. He suggested that the monument be erected either in the state house grounds or in university park, Indianapolis.

He also urged the recognition of the financial aid given the state by Sidney Lanier, during the civil war.

Limitation of the use of the emergency clause making an act of the legislature upon passage to only actual public emergencies, was urged by the executive.

## DAILY HEALTH TALKS

The Many Mysteries of  
Nature

BY L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiarly strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rhubarb seed and get something that helps constipation.

No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backbone, headache, weakening drains, bearing-down pains, periodical irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial pkg. Tablets.

COUGHED NIGHT AND  
DAY FOR TWO YEARSMr. Parkhurst tells how he found  
quick relief from chronic  
bronchial trouble.

"Two years ago, I had an attack of grippe which left me with a bad cough. Finally this became a case of chronic bronchial asthma, and four doctors told me it could not be cured.

"I commenced taking everything my friends recommended, but I got worse instead of better. For two years, I was unable to do any work except to cough constantly night and day, which was the hardest work I ever did.

"Finally I got hold of Milks Emulsion. It benefited me so much, right from the start, that it came as a God-send. In two months I was perfectly cured. I gained in health, strength and flesh rapidly."

—J. M. Parkhurst, Leon St., W. Terre Haute, Ind.

Coughs like the one above described seldom yield to local treatments. The surest way to reach them is to build up and strengthen the whole system. For any obstinate cough, Milks Emulsion is a remarkable remedy.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and cathartics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis, and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by C. E. Loertz.

### An Enemy of Womanhood

The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's ills are her great enemy, as they cause bad complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging-down pains and the blues, and often totally unfit her for a companion. The great American remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which has been restoring three generations of ailing women to health, and may be relied upon with perfect confidence.

### BORAH ATTACKS DANIELS' "BIGGEST NAVY" PROGRAM

Senator Urges That More Attention Be Given to Economy of National Government.

(By L. C. Martin, United Press Staff Correspondent.)

Washington, January 9.—Attacking Secretary Daniels' "biggest navy" program, Senator Borah today warned that "this shameless orgy of expenditure may force the people to cry out with the voice of revolution against the madness that is grinding them to powder."

He charged that while in theory the government has great plans for universal peace and brotherhood, "nevertheless, in practice it still apparently is following the rule of kings and autocrats—to frighten the people and then rob them through taxation."

### URGES TIGHTENING OF IMMIGRATION RULES

Chairman Burnett Says Protection of American Labor Demands Stricter Legislation.

(By United Press.)

Washington, January 9.—An effort to tighten immigration restrictions will be made at this session of congress, despite shortness of time before final adjournment.

Chairman Burnett of the house immigration committee today called his committee, together to try to get an agreement on some measures that will halt a rush to American shores, expected as soon as there is shipping space.

There are two measures before Burnett's committee. One, by Burnett, himself, would halt immigration for four years from the date of passage. The other, by Representative Lufkin, would stop immigration for two years.

The exceptions made in the two bills are government officials, skilled laborers, refugees from religious persecution, and returning soldiers who are aliens. All those would be allowed admission on proof of status.

Do not fail to note the offer, "A REAL NEWSPAPER BARGAIN," made by that sterling newspaper, the ST. LOUIS GLOBE-DEMOCRAT, elsewhere in this issue. In spite of the enormously increased cost of production, the DAILY GLOBE-DEMOCRAT, except Sunday, is offered at the remarkably low rate of \$4.00 per year—or in complete clubs of three or more, at the net club rate of \$3.50 for each yearly subscription. The DAILY GLOBE-DEMOCRAT, including Sunday, is offered for \$7.50 per year, or in clubs of three or more at the net rate of \$6.65 for each yearly subscription. Again we urge you to read the offer and send in your order AT ONCE. Address the Globe Printing Company, Publishers, St. Louis, Mo. j11d

### SOCIALIST LEADERS FACE PENITENTIARY SENTENCES

Victor Berger and Four Others Given Liberty on Bonds of \$10,000 Each.

Chicago, January 9.—Victor Berger, congressman-elect from Wisconsin and four other socialist leaders today faced sentences of from one to twenty years in prison or fines of from \$1,000 to \$10,000 or both. The others are Irwin St. John Tucker, J. Louis Engdahl, W. F. Kruse and Adolph Germer.

Verdict of guilty to charges of violation of the espionage act was returned late yesterday after nearly six hours of jury deliberation.

Sentence was withheld by Judge K. M. Landis, until motion for new trial has been heard January 20. The convicted men were given their liberty on \$10,000 bonds each.

Mr. and Mrs. Carl Scott, of Austin, were here today visiting friends.

Mrs. Fred F. Lowry, of Paris Crossing, was here today shopping.

### Weather Report.

Fair tonight and Friday. Colder tonight. Cold wave in northeast portion.

Prof. J. Amesen, a native of Norway, who has for years been traveling over the world taking pictures which he plans to show for educational purposes in the high schools and colleges of each country he visits, talked to an interested assembly at the local high school this afternoon. When school was dismissed at 3:30 he invited the students to the Majestic theater where his pictures were shown. Prof. Amesen intends that his pictures develop in the student an interest which will induce him to make further study of the things presented in his pictures and thus broaden his store of general information. From there Mr. Amesen will go to Cuba, thence to Europe.

A fire causing about \$25 damage started this afternoon at 1 o'clock in the roof of a dwelling house, 319 West Brown street owned by George Meyers, a local druggist. The fire department was called and the flames were extinguished immediately. The fire is supposed to have started from sparks escaping from the flue.

Dr. D. L. Prall, who has been at Camp Knox for the last several months, arrived in the city today and expects to spend several days here looking after business matters.

John Congdon, who became suddenly ill Monday, has developed a very serious case of pneumonia.

Mrs. Will Fox East Fourth street, has received word that her nephew, Pvt. Maurice Stegner, 45 Co. Sixth Marines, has landed at an eastern port. Private Stegner, a former resident of Seymour, was wounded in action during the hard fighting done by the Fifth and Sixth regiments of Marines in the first part of October. Young Stegner is the son of Mrs. Joe Duffy living in Indianapolis.
